

CASE STUDY

AZURE

BEACHSIDE APARTMENTS

PROJECT SCOPE

OFFERING SUPERB VIEWS THE AZURE BEACHSIDE APARTMENTS ARE LOCATED 300 METRES FROM THE ROCKINGHAM FORESHORE AND COMPRISE OF A GROUND FLOOR AND SEVEN LEVELS.

The apartments offer a choice of one, two, or three bedroom designs; along with a spectacular pool with timber decking, sun lounges, shaded cabana, and barbecue area.

Land Surveys provided surveying services at pre and

post pour which consisted of setting out boundaries, gridlines, slab edges, datums; followed by set outs of footings for columns, lift shafts, stairwells, starter bars for the walls, set downs on wet areas, and ducts for all the services.
